*“A young band from Downpatrick in Ireland, The Answer have clearly grown up listening to Led Zeppelin, Free and The Who. The Darkness chose the unsigned band to open for them at their Brixton Academy gig, having been impressed by their performance at an Irish Festival. Think crunchy riffs, high-pitched ‘squeeze-ma-lemon-till-the-juice-runs-down-ma-leg’ vocals and a stuttering rhythm section and you’ve got a band older than its years.” Classic Rock Magazine, January 2005 issue.*

The Answer, a living, breathing, organic, visceral, gloriously retro young Irish hard rock band, have now signed to the Albert Productions Record Label, and are set to release their brilliant debut ‘Keep Believin’ EP on July 4th. Available as a 5 track CD and two track 7” vinyl single, ‘Keep Believin’, marketed and distributed by powerhouse indie Vital Distribution, looks all set to blast The Answer into the UK scene.

The Answer, who have already won coveted support slots in the UK with The Darkness and Alter Bridge, have now landed a slot on the Napster stage at the Download Festival on the afternoon of Saturday June 11<sup>th</sup>. They warm up with a headline gig at the Belfast Empire on June 9<sup>th</sup>.

‘Keep Believin’ is a massive slab of riffastic, rhythmic, hard driving, no-nonsense melodic hard rock. The ‘Keep Believin’ EP, recorded at Albert’s state of the art studios in North London in February 2005, will firmly establish The Answer at the forefront of the emergent new hard rock scene.
